Principal's Message

Reflecting on Our Foundation Year: A Journey of Growth and Transformation

As we reach the end of our first academic session, it is time to reflect on the incredible journey we have undertaken as a school community. This year has been a foundation year, one filled with learning, growth, and transformation for our students, teachers, and parents alike.

When our students first walked through our doors, many lacked the confidence to express their academic understanding and communicate effectively in the global language. Today, we witness them engaging in discussions, participating in activities with enthusiasm, and expressing themselves with newfound confidence. Their passions and interests have taken flight, and they have embraced a learning approach that goes beyond textbooks—learning by doing and applying knowledge to real-world situations.

Our teachers, too, have experienced a journey of unlearning and relearning. They have adapted to innovative teaching methodologies, creating an environment where students feel motivated and engaged. They have fostered empathy, recognizing the diverse learning paces of students, and successfully integrated technology to make learning enjoyable and effective.

As a school leader, I have gained invaluable insights into the aspirations of our students, the expectations of parents, and the dedication of our staff. Together, we have built a strong foundation for the years ahead.

I extend my heartfelt gratitude to our parents for placing their trust in us and for being true partners in their child's educational journey. With this collaborative spirit, we look forward to many more years of growth, learning, and success.

Best regards,
Dr Seema Sharma

Pre - Primary Buzz

The pre-primary students of MSS World School recently embarked on an exciting educational trip to Machia Safari Park, where they explored the wonders of wildlife. The young learners were thrilled to see various animals, including crocodiles, alligators, leopards, foxes, birds, pythons, and turtles. This trip provided them with a valuable opportunity to observe animals in their natural habitat, fostering curiosity and respect for nature. Through this experience, the children learned the importance of wildlife conservation, kindness towards animals, and the need to protect our environment. The visit was both fun and educational, leaving the little explorers with lasting memories and valuable lessons about nature's diversity.

The early years students joyfully celebrated India's Republic Day with great enthusiasm. The event began with a brief discussion on the importance of this day, where children learned about the significance of the Indian Constitution and the values of unity and patriotism. A PowerPoint presentation was shown to make the learning interactive and engaging. Following this, the little ones participated in a fun craft activity where they used paper tricolor stripes to create their own Indian flags. The celebration concluded on a sweet note as chocolates were distributed among the children, making the day both educational and enjoyable.

Young Visionaries Driving Progress

LogIQids Mental Aptitude Olympiad is conducted in partnership with Techfest IIT Bombay. This remarkable achievement places the students among the top 30% to 35% of the performers, standing out from an extraordinary pool of 16,89,205 participants representing 2500 schools across 12+ countries worldwide.

Students from grades 1 to 7 recently visited the Air Force Museum in Jodhpur. The museum offered an exciting and educational experience, showcasing a variety of aircraft, aviation artifacts, and models. The students explored the history and evolution of the Indian Air Force, learning about different aircraft such as fighter planes and helicopters, and their roles in defense. The museum also highlighted the important contributions of the Air Force to national security.

KriDOTsav 24-25

On 08/2/2025 MSS World School held its highly anticipated annual sports day. The event was a fantastic display of athleticism, teamwork, and school spirit. With students, staff, and supporters coming together to cheer on the participants.

Opening Ceremony: The day kicked off with an inspiring opening ceremony, where the students were introduced and the official torch was lit by Mr Venu Gopal Kabra. The other dignitaries that graced the occasion were Mr. Modi the treasurer of Mahesh Shikshan Sansthan.

The atmosphere was electric, filled with excitement and anticipation for the events to come. The sports day featured a wide range of activities, including events like sprints, relay races, back & front race, obstacle races hurdle race ball balancing races, lemon & spoon race tug-of-war, etc.]. Each event saw fierce competition and displays of skill and determination

The tug-of-war was a highlight, with parents emerging victorious after a thrilling contest against teachers . The team spirit was evident as participants cheered each other on.
